December 2021

Message from the Club President

December 2021

Fighter Town was on the 20th of November, because of a conflicting event on our regular date. The weather was not in our favor, a little on the cool side and a bit windy, we had 16 pilots that braved these conditions. Flying scale built aircrafts and also great looking foam made ARFS, both propeller and fan jet driven. We had a fair amount of spectators and everyone enjoyed watching the show.

I want to thank everyone that made this event successful, the event organizers, grass cutters, gate crew and the kitchen team, thanks for job well done.

On a rather unhappy note I want to pass along that Mike Diesu had fallen several times, over the past month. After his last fall, he was taken to the hospital and had emergency surgery to remove, fresh and dried blood from his brain. Let's all keep him in our prayers and hope for a speedy recovery.

I hope everyone had a great Thanksgiving Holiday, with your families, and enjoyed all the good food, watched lots of football games and had your nap time while digesting your dinner.

Next Meeting December 4th at 9:00 am

At the December meeting your new Board will be voted in for next year.

Did you remember to renew your AMA membership? If not you have to do it fast. Your new AMA Card will be needed in order to fly, after the first of January. Also do not forget to renew your club membership before the end of the year, or it will cost you \$125.00 more to fly.

Happy Flying see you at the Field

Werner

November 2021 Meeting Report

Lacking a quorum of ten members as required by the By-Laws, this was not an official meeting. There were only eight members in attendance. However the By-Laws require the nomination of officers for 2022 to be closed at the November meeting. There were no additional nominations and the slate is as follows. President Werner Keil, Vice President Roger Cherry, Treasurer Mike Sperato, Secretary Jeff Houck, Board members George Andruss, Paul Ericson and Bill McCallie. This slate will be voted on by acclamation at the December 2021 meeting.

The following event dates are being considered but have not been approved by AMA at this time. Fun Fly 3/26/2022, Swap Meet 10/15/2022, Fighter Town 11/10/2022.

Respectfully Submitted
Mike Diesu, Sec.

December AMA Leader Member Report

I will no longer be reporting to the Membership on a monthly schedule. However, I will report on any important information I become aware of either at a meeting or in our monthly Newsletter when necessary. If anyone has any question pertaining to FAA or AMA please contact me by email (mdiesu@tampabay.rr.com).

Bay City Flyers: CLUB INSTRUCTORS

If you are new to our club and need flight instructions, please contact Mike Kohanyi , our Chief Flight Instructor. If you are a current member and would like to become a Flight Instructor please contact Mike Kohanyi .

Bay City Flyers provides a number of ways to introduce individuals into the sport of Radio Control Flying. Never flown before? No Problem. We have a group of members who are designated as "Intro Pilots" by the AMA. An Intro Pilot offers you the opportunity to fly a few times without purchasing equipment and to be covered by the Intro Pilots AMA Insurance. If you are interested in continuing flying you must join AMA and we can provide you with a Club Instructor. If you have a friend or relative who holds a Bay City Flyer Solo Card, he or she may be able to act as your Instructor, but the student must be checked out by Chief Flight Instructor.

Finally, we have Designated Check Pilots, who will check you out and determine if you can be issued a Bay City Flyers Solo Card:

A club officer can also be a check pilot if a regular check pilot is no available.

Next Meeting is on December 4th 2021 at Area 52 Field.

Check out our web site:

[HTTP://WWW.BAYCITYFLYERS.ORG](http://www.baycityflyers.org)

Review the Bulletin Board and our Website to keep informed of what is happening at the flying fields.

The main gate at the flying field 52 must be kept locked when entering or leaving the field. The four tumblers must be turned each time the lock is closed. When entering the field if you find only one tumbler has been turned, try to find the last member who entered the field and closed the lock incorrectly. Explain to the individual that all four tumblers must be turned.
