July 2016

Message from the Club President

A half a year has almost gone by; July is just around the corner and so is our summer heat, stay out of the sun as much as possible and drink lots of liquid, be careful and avoid getting a heat stroke.

We have had three events since our last meeting, on May 14th we had our first electric fly in, there was nice turn out and all had a good time, May 21st Darryl and his AFROTC Cadets came out to the field for their yearly outing, to fly our Club Trainers, they had a fun time. June 4th and 5th the IMAC event was held, there were many contestants signed up, but only 16 were present for the Contest. I want to thank all our Club Members that helped out in the events. It was much appreciated.

Our Road repair has been completed, we supplied the material and SWFWMD supplied the labor and equipment, thanks for their support.

I am sure by now, that you are aware of the extensive damage the wild hogs have done to our runways. Repairs are intensive and hard work, thank you to the handful of members that have stepped up to help. However, I am amazed and disappointed by the others that just sit and watch, all the while complaining because the runways are closed while we work. Our club is based on volunteers, those who value the great flying site we have, always step up to help, unless they are physically unable to do so. The next time you see people on the runway working, grab a rake and or shovel from inside the pavilion and come out to help. The more members that pitch in, the less time it will take for the repairs and the sooner you can get back to flying!

Werner

P.S. To the person that's unplugging the sprinkler controller, it is not your call or decision whether the system is on or off, so in the future don't concern yourself with the operation.

Meeting Minutes

There was no club meeting for June due to the IMAC contest on the same date.

The next meeting is July 2, 2016 at 10 a.m. at the flying field.

2016 TAMPA BAY AREA R/C EVENT CALENDAR

Next Meeting is July 2nd, 2016 10:00 AM Area 52 Field.

Check out our web site:

[HTTP://WWW.BAYCITYFLYERS.ORG](http://www.baycityflyers.org)

Review the Bulletin Board and our Website to keep informed of what is happening at the flying fields.

The main gate at the flying field 52 must be kept locked when entering or leaving the field. The four tumblers must be turned each time the lock is closed. When entering the field if you find only one tumbler has been turned, try to find the last member who entered the field and closed the lock incorrectly. Explain to the individual that all four tumblers must be turned.
