**August 2023**

July is in the books, record setting heat with some decent flying weather dodging the storms and hog damage. Reminder to all, the hog hunt is this Saturday and Sunday. The Field is closed from 1900 hours until noon Saturday July 29 and Sunday July 30. Hopefully this will reduce the hog population and provide some relief to our Field.

The BCF Field has been approved as a FAA Recognized Identification Area (FRIA). This designation will satisfy the remote ID requirement for anyone flying at our Club's site beginning September 16, 2023.

Next meeting is scheduled for Saturday, August 5 @ 0900.

Be safe, happy flying, see you at the Field.

Jeff

## **Bay City Flyers: CLUB INSTRUCTORS**

If you are new to our club and need flight instructions, please contact Mike Kohanyi, our Chief Flight Instructor. If you are a current member and would like to become a Flight Instructor please contact Mike Kohanyi.

Bay City Flyers provides a number of ways to introduce individuals into the sport of Radio Control Flying. Never flown before? No Problem. We have a group of members who are designated as "Intro Pilots" by the AMA. An Intro Pilot offers you the opportunity to fly a few times without purchasing equipment and to be covered by the Intro Pilots AMA Insurance. If you are interested in continuing flying you must join AMA and we can provide you with a Club Instructor. If you have a friend or relative who holds a Bay City Flyer Solo Card, he or she may be able to act as your Instructor.

*Review the Bulletin Board and our Website to keep informed of what is happening at the flying fields.*

The main gate at the flying field 52 must be kept locked when entering or leaving the field. The four tumblers must be turned each time the lock is closed. When entering the field if you find only one tumbler has been turned, try to find the last member who entered the field and closed the lock incorrectly. Explain to the individual that all four tumblers must be turned.
