

**Bay City Flyers
General Membership Meeting
7 Oct 2023**

0900 Meeting was called to order by President Houck with a quorum of members present.

Joe Barzyz led the pledge of allegiance and a moment of silence for first responders.

Pres Houck spoke with Chad from SWFWMD concerning future hog hunt. It is still in the works with no date set.

Club sign is completed. We need to have some post holes dug and Roger Cherry will supply the 4x4s and 2x4s.

Structure repairs are still awaiting cooler weather. Pres Houck will contact John Mulligan for a status update.

Simon Holden will conduct a financial audit. Mike Sperato will provide the necessary documents.

Results of member appreciation survey: Majority of responding members favored having the appreciation day on a Saturday. The month and date is still to be determined. It will be readdressed in the new year.

Pete Rundell gave status update for the swap meet. We still need gate volunteers. He proposed a food truck to cater the event. It met with a favorable response.

Field orientation checklist is completed. Flight instructors need to get together to standardize a training syllabus.

The floor is open for nominations for next years' officers and board members.

The secretary position STILL needs to be filled.

Joe Barzyz needs a replacement contact to arrange for tables at the Perry, Ga. Swap meet.

An EAA club will visit the BCF field to see what, if anything can be provided to their youth programs.

0935 Joe Barzyz made a motion to adjourn the meeting. It was seconded by Mike Sperato.

Respectfully submitted by:

George Andruss
