February 2024

President's Note

We are 1 month into 2024 and El Nino is certainly affecting our current weather pattern and subsequent flying abilities, but we aren't dealing with the snow storms blanketing much of the country so there is that. We are still dealing with hog damage but has tapered off the last week or so as the USDA is baiting and trapping at the Field. A work party was held on Saturday January 27 with a good turn-out to repair damage and spread dirt, THANKS to ALL who participated. Seed will be spread this week over the damaged/repared areas and we are looking to roll the Field to level all surfaces evenly. We will have another work party following the Monthly Meeting this Saturday February 3 to hopefully finish any remaining maintenance that needs done. Please look in the SUBJECT LINE for the combo change to the gate. This will take place following the Saturday Meeting.

Keep 'em Flying! See you at the Field.

Thank you for your cooperation.

Bay City Flyers: CLUB INSTRUCTORS

If you are new to our club and need flight instructions, please contact Mike Kohanyi, our Chief Flight Instructor. If you are a current member and would like to become a Flight Instructor please contact Mike Kohanyi.

Bay City Flyers provides a number of ways to introduce individuals into the sport of Radio Control Flying. Never flown before? No Problem. We have a group of members who are designated as "Intro Pilots" by the AMA. An Intro Pilot offers you the opportunity to fly a few times without purchasing equipment and to be covered by the Intro Pilots AMA Insurance. If you are interested in continuing flying you must join AMA and we can provide you with a Club Instructor. If you have a friend or relative who holds a Bay City Flyer Solo Card, he or she may be able to act as your Instructor.

Chief Flight Instructor - Mike Kohanyi 813-744-1471 mkohanyi@tampabay.rr.com

Next Club meeting February 3, 2024 at 9:00 am at Area 52 Field.

Check out our web site:

[HTTP://WWW.BAYCITYFLYERS.ORG](http://www.baycityflyers.org)

Review the Bulletin Board and our Website to keep informed of what is happening at the flying fields.

The main gate at the flying field 52 must be kept locked when entering or leaving the field. The four tumblers must be turned each time the lock is closed. When entering the field if you find only one tumbler has been turned, try to find the last member who entered the field and closed the lock incorrectly. Explain to the individual that all four tumblers must be turned.
