February 2025

### President's Note

January is in the books and we saw some decent flying weather and some extreme cold (by Florida standards) temps hit the area which caused a cancellation of our Swap Meet/Open House. This Event is scheduled again on 19 April so get the word out now and lets make this a HUGE Event for our Club! After the dust has settled, we have right at 128 members on our roster to begin 2025. We lost a couple and gained a few so we are pretty much where we were at as we closed 2024.

For those new to our Club, WELCOME! We want all to feel welcome and at home here as we together strive to be the best Club and facility to promote our hobby in the area. As we begin another year, I want to remind everyone to review our Rules and Procedures and keep them in mind when you enter the gate. Please do not jeopardize our facility and Club by failing to obey the rules and procedures!

As has become our custom, the gate combo will change this Saturday, 1 February following the Club meeting. The new combo is always posted in the Subject line of the February and March Newsletter following the change. Please keep it in a safe place and DO NOT share with anyone who is not a Club member.

Our last workdays on 17 - 18 January were AMAZING to say the least! With the Members who showed up we were able to successfully replace the entire floor in the North/South shelter with the new pavers! This was a ton of work but the guys who showed worked together as a team to get the job done. Grateful to those who came out to accomplish this task. We will now finish the rest of the repairs to the North/South shelter and then move on to the center shelter. Awesome!

Next meeting will be Saturday, 1 February @ 0900.

Keep 'em flying!

See you at the Field.

**All Members if you are not receiving the club newsletter by e-mail,  
Please e-mail Jeff Houck at <jeff.rcpilot@gmail.com>**

# Club Sponsors

The Sponsors listed below have very generously contributed merchandise to our raffles and annual events. Please patronize them whenever possible.

**Next Club meeting February 1st at 9:00 am at Area 52 Field.**

**Check out our web site:**

**[HTTP://WWW.BAYCITYFLYERS.ORG](http://www.baycityflyers.org)**

*Review the Bulletin Board and our Website to keep informed of what is happening at the flying fields.*

The main gate at the flying field 52 must be kept locked when entering or leaving the field. The four tumblers must be turned each time the lock is closed. When entering the field if you find only one tumbler has been turned, try to find the last member who entered the field and closed the lock incorrectly. Explain to the individual that all four tumblers must be turned.
